Institutional Framework

Poddar Institute of Social Work

Under Poddar Sansthan

About Organization

Poddar Sansthan is a well-known reputed global policy school which conduct research, **studies**, women and child protection, health, education to understand ground need and identify systematic inadequacies and policy gaps so as to make recommendation for improvement in the economic justice, legal and policy regime relating to global need. PISW also works as a center for dialogue among the various state stakeholders empowerment, strengthening, capacity building through training, workshops, seminar and conferences on laws, policies, and extending practices relating to enhance the capacities of marginalized communities are also our key area, has been working to achieve its mission through five major components:-

***PROGRAMME**

Social programs are grassroots interventions develop on the basis of need base, research and best practices objective of building Child women undeveloped section of society. It includes health, education, livelihood development, Farm and Non farm livelihood opportunities, Waste Management, skill development of Youths. They are implemented independently, with Partner Organizations Consortium, ALFs and SHGs.

***IEC CAMPAIGNS**

Campaigns are mass Movements to Engage, Inspire and mobilize diverse stakeholders downtrodden groups to enhance awareness about health, education women empowerment, poverty reduction, Environment, Water conservation, and other issue like child labour, trafficking, Traffic awareness.

***University Collaboration**

PS has also been working to establish institutional Partnership and other academic & research institution to strengthen the youths, women & child protection ecosystem in the country. This partnership is to conduct research and discrimination of knowledge on issue relating to stakeholders also academic programmes, training & capacity building of stake holders & youths, etc is another objective of these partnership.

***LIVELIHOOD & INSTITUTIONAL DEVELOPMENT**

Another Component is building community Institutions- self Help Groups/ farmers Club/ Artisans group/ mahila mandals and their federations, envisages mobilization of urban

poor households into three tiered structure with self-help groups at the grass root level Area Level Federations at the slum/WARD/ City level. Their livelihood development is- The informal sector has traditionally been a source of services and the urban poor will be provided information and necessary support for training/opportunities under and other scheme. PS provide support for marketing of goods and service like 1. Fee based services 2. Information on market demand and market strategy 3. sales marketing outlets 4. Registration, licensing, accounting and legal services for micro- enterprises 5. Placement services 6 bidding/ contract for citizen for citizen services 5. Organise Exhibitions, MELAs, HAAT Bazar, Night Market for SHGs artisan and Farmers.

CONSULTANCY & EVALUATION STUDIES:

PS plays a significant role in defining Leadership in social, environmental science and engineering for sustainable development. Institute provide consultancy and support to government and national and international organization in water and sanitation technology, Climate Change, energy and resource management, environmental bio technology, virology, natural resource, agriculture , health, solid and hazardous waste management, significantly contributes towards policy making and implementation through active participation in various international, national and state expert committees constituted by Ministries and regulatory agencies for technological innovation and socio-economic development.
