

Poddar Sansthan - Igniting Possibility, Empowering Generations

About Us Poddar Sansthan, established in 1998, is a registered non-profit organization rooted in the heart of Rajasthan, with a mission to transform the lives of underprivileged children, youth, and women. For over two decades, the Sansthan has steadily grown into a beacon of holistic development, focusing on education, skill development, livelihoods, women's empowerment, healthcare, environment, and social innovation.

Our Vision To create an inclusive society where every individual—regardless of background—has access to education, opportunity, and dignity.

Our Mission Empowering and enlightening women, youth, and rural communities through integrated development programs that are community-driven, evidence-based, and future-ready.

What Sets Us Apart Poddar Sansthan doesn't just serve—it **solves**. It doesn't just educate—it **empowers**. From slum clusters to remote villages, we step in where systems often fall short, igniting possibility in the most unlikely corners.

Focus Areas

- **Education and Livelihood:** From preschool learning to post-secondary scholarships, we build academic and skill-building ladders that lift communities.
- **Skill Development & Capacity Building:** Hands-on vocational and entrepreneurial training, including artisan skills, digital literacy, and self-employment readiness.

- **Women Empowerment:** Programs that blend leadership, financial literacy, and social inclusion—so women become earners, decision-makers, and change agents.
- **Healthcare & Awareness:** Health checkups, RCH initiatives, dengue awareness drives, and hygiene campaigns are woven into every intervention.
- **Environment & Sustainability:** From tree plantations to zero-waste campaigns, we champion green values and action.
- **Water and Sanitation:** From awareness to infrastructure, our WASH programs restore dignity and health in marginalized communities.
- **Entrepreneurship Development:** We incubate rural start-ups, conduct EDPs, and promote small-scale industry through Gandhian principles.

Corporate Social Responsibility (CSR): From Collaboration to Community Impact

Poddar Sansthan has established itself as a preferred CSR partner for corporates seeking impact-driven, community-based interventions across Rajasthan. Whether it is through environment-focused drives or employability-linked skilling, our CSR projects are aligned with SDGs and rooted in measurable transformation.

Recent CSR Collaborations Include:

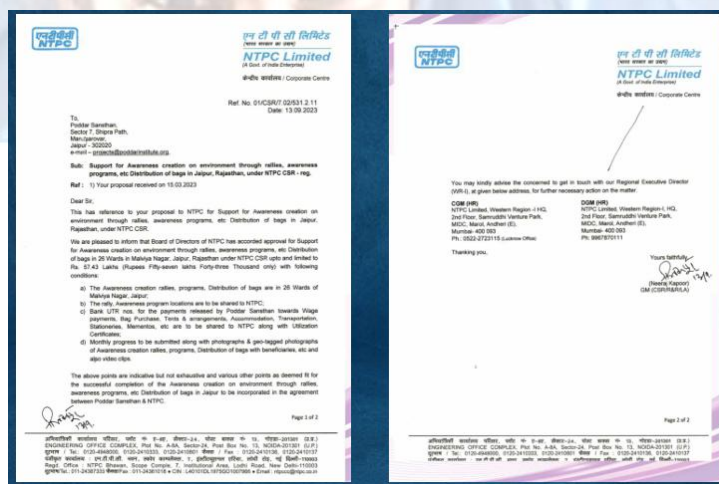

- **NTPC:** A joint environmental awareness campaign where compostable bags were distributed to promote sustainable practices. This initiative actively engaged community members while reinforcing the importance of eco-friendly solutions.
- **NSDC (PMKVY 4.0):** Poddar International College has been designated as a **Training Centre** for Professional Makeup Artist and Puppet Making vocational courses, ensuring employability for local youth through high-quality skilling.
- **Marico:** A CSR-backed **women empowerment initiative** focused on livelihood training and leadership development for marginalized women.

A Message from the Founder

It gives me great pleasure to introduce **Poddar Sansthan**, an Indian non-profit organization dedicated to inclusive development and grassroots transformation.

Driven by a mission to uplift and empower, we work across sectors including **Education, Livelihoods, Entrepreneurship, Poverty Alleviation, Environment, Women Empowerment, Health, Water and Sanitation, Waste Management, and Artisan Training**. We also pursue **Research and Development** in areas like Education, Energy, and WASH to build scalable, future-focused solutions.

At the heart of our work is a firm commitment to helping the underserved become self-reliant, aware, and empowered. True change begins when people are equipped not only with awareness, but also with the tools and confidence to shape their own future.

From community mobilization and motivational campaigns to youth training and women's economic empowerment, our work is designed to transform—not just inform.

Empowerment, for us, is an ongoing journey. We envision a society where every person has access to life's essentials, and where dignity and respect are generational assets.

This vision is shared by our dedicated team, volunteers, and supporters—our true strength. As the **Founder and Chairman**, I believe giving back isn't just noble—it's necessary. We remain committed to using our experience and partnerships to tackle today's challenges and shape a better tomorrow.

Together, we will make a difference.

Let's build a more just, empowered, and compassionate India—together.

Warm regards,

Dr. Anand Poddar
